MOUHSSINE ECH-CHAAIR

Full-Stack Web Developer

PROFILE SUMMARY

Full-stack web developer with 6+ years of experience in building responsive, secure, and scalable web applications. Skilled in front-end and back-end technologies, API integrations, and DevOps. Passionate about clean code, UI/UX, and delivering high-performance solutions.

PROFESSIONAL EXPERIENCE

Full-Stack Web Developer
Auto-entrepreneur, (Freelance)   Oct 2024 – Present

- Full-stack development – Designing and building scalable web applications using modern technologies.
- Front-end expertise – Developing responsive, user-friendly interfaces with React.js, Next.js, Vue.js, or similar frameworks.
- Back-end development – Creating robust APIs, databases (SQL & NoSQL), and server-side logic with Node.js, Laravel, Spring Boot, or other back-end languages.
- Freelance project management – Collaborating with clients to define requirements, deliver solutions on time, and ensure high-quality results.

Full-Stack Web Developer
Soorcin, Casablanca   Oct 2022 – Sep 2024

- Built scalable single and multi-vendor marketplaces with advanced features.
- Implemented product listings, subscription plans, and reservation systems tailored to business needs.
- Developed robust, secure backends using Laravel, Symfony, Node.js, and Spring Boot.
- Created responsive and user-friendly UIs using Vue.js, React, Tailwind CSS, and Bootstrap.
- Implemented full authentication and authorization systems for secure access control.
- Designed and developed RESTful APIs for seamless mobile and web integrations.
